

## Photography Day Camps for Youth - Summer 2017

### MAXIM Photography Skills Training at U-Snap Studios

Learn life-long skills, make new friends, create impactful images, design an electronic portfolio, participate in a photographic exhibition and have fun!

Summer 2017 day camps for teens ages 13 -17 run weekly, Monday to Friday 10:00am - 1:00pm.

#### Entry Level Camps

- July 10 - July 14
- July 17 - July 21
- July 31 - August 4
- August 7 - August 11

#### Intermediate Camps

- July 24 - July 28
- August 14 - August 18

#### Advanced Camp

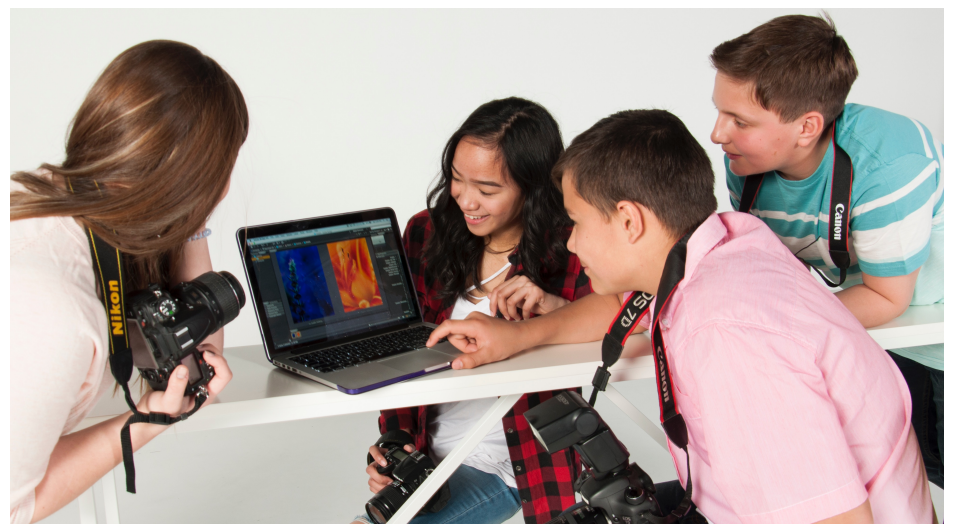

- August 21 - August 25

**Cost: \$320/participant/camp. DSLR camera required.**

First time participants attending an **entry level camp** explore the fundamental principles of photography and digital workflow. Emphasis is on DSLR camera operation and setting the aperture, shutter and ISO in the manual mode to achieve proper exposure and white balance. Creative exercises include writing with light, freezing and blurring motion and manipulating depth of field to produce technically correct and impactful images. Participants are introduced to the basics of digital workflow and use imaging software to organize and present their electronic images.

Second time participants attending an **intermediate camp** refine their technical skills and incorporate rules of composition, elements of design, light, colour and tonal harmony to create a series of impactful images. Post-production assignments include creating digital mats and developing an electronic portfolio useful for a variety of creative purposes.

Third time participants attending the **advanced camp** discover the capabilities of portable electronic flash and learn to calibrate available, ambient and flash exposure. Creative exercises include freeze motion with flash and combining natural and artificial light sources to achieve cool effects. Advanced participants also learn to use studio lighting systems and light meters to configure high and low key lighting scenarios to photograph products and portraits.

All summer campers participate in a photographic exhibition in Fall 2017
